

Series LV

Volute Casing Centrifugal Pump for high pressure applications up to PN 25

Pumped liquid

Water, cooling lubricant emulsion, cutting oils

Main fields of application

Water supply, booster, fire-fighting, irrigation system, cooling and heating systems, oiler feed, condensation handling, marine and offshore engineering, machine tool industry

Performance data Series LV

Capacity	Q up to 120 m ³ /h
Delivery head	H up to 250 m
Discharge pressure	pd up to 25 bar
Fluid temperature	t up to 140 °C

Construction features

- Dry installation
- Vertical installation
- Bearing bracket design
- Segmental pump type
