

3D TRASAR 3DT129

Benefits

- ▲ Helps to maintain optimum heat transfer and system efficiency.
- ▲ On-line performance control and stress management using 3D TRASAR technology.
- ▲ Extended tube bundle and equipment life due to reduced corrosion of mild steel surfaces.

Uses

- ▲ 3D TRASAR 3DT129 is designed for open recirculating cooling systems with high stress conditions.
- ▲ 3D TRASAR 3DT129 is a corrosion inhibitor and must be fed as part of a multi-product, integrated program for open recirculating cooling systems.

Description

- ▲ 3D TRASAR 3DT129 is a balanced blend of zinc, phosphate, PSO and TRASAR.

Dosage

- ▲ The required dosage of 3D TRASAR 3DT129 will depend on water chemistry and site specific parameters.
- ▲ Your Nalco representative will recommend the optimum dosage necessary to ensure maximum program performance according to your specific system conditions.

Feeding

- ▲ 3D TRASAR 3DT129 should be fed via a closed system.
- ▲ A closed system is defined as a system in which fluid is moved from a closed storage vessel into a treated media without exposure to the atmosphere except through normal venting or pressure relief devices.
- ▲ 3D TRASAR 3DT129 must be fed where rapid mixing will occur and be distributed throughout the system.

Materials

- ▲ Storage and application equipment (pumps and lines) should be made of PVC, PE or Teflon.
- ▲ Do not use Aluminum, Brass, Carbon or Stainless steels in contact with the neat product.

Handling

- ▲ As a standard precaution with all chemicals we recommend the use of protective equipment such as goggles and rubber gloves when handling chemical products.
- ▲ Consult the Material Safety Data Sheet as the only official source of Environmental and Safety information.
- ▲ The product can be stored at least 12 months from date of shipping if kept in it's original, unopened container and under normal warehouse conditions.
- ▲ Protect from freezing and from exposure to high temperatures.

Notes

- ▲ 3D TRASAR 3DT129 is available in non-returnable containers and PORTA-FEED's of different sizes.
- ▲ If you need more information on this product, please call your nearest Nalco representative.
