

TOPLINE™ Filter Housings

The best filter housing for the most demanding applications.

- A TOPLINE is the finest single bag filter housing available. From its high-performance design to its heavy duty investment-cast components, everything about TOPLINE is simply the best.
- Side inlet, flow through the top design results in a minimum headroom of unfiltered liquid for easy bag change-out as well as providing optimum sealing of the filter bag.
- For filter bags sizes 01 and 02.
- Available in carbon steel or Type 316 stainless steel construction for high corrosion resistance
- A smooth, bead-blasted finish, coupled with a minimum 2-weld design, makes it easy to completely clean the interior of the TOPLINE housing.
- All TOPLINE housings come with an exclusive Five Year Warranty and the ASME code UM stamp.
- TOPLINE housings... for applications too demanding for ordinary bag filters.

These value added features:

Top inlet with liquid flow through the cover.

Cover seals directly onto the filter bag

Five year warranty

Adjustable mounting legs

Give these benefits

Reduced headroom for unfiltered liquid makes bag change-out quick and easy.

Perfect sealing for the finest micron by-pass free filtration applications.

Years of trouble and maintenance free service.

Easier installation

See page 5 for dimensions.

1) SS = Austenitic Stainless Steel SS 316 and CF8M or better
2) Maximum theoretical flow based on water viscosity, bag specific
3) Dimensions for reference only and approximate. Exact dimensions for installation purposes available on request.
4) For details, see available product specific data sheet

* Type number is for stainless steel construction. Change AB to CS for carbon steel.

** Depending on seal material
