

LENN ECOSORB

210l/h

Description

Lenntech Ecosorb system provides effective odour control technology. This technology provides solution to eliminate industrial smells without the need for harsh chemicals or masking fragrances and taking to the account the following points:

- Non toxic;
- Effective for both organic and inorganic odors;
- Safe for humans
- Safe for animals
- Safe for the environment

This system includes

- 1-micron cartridge filter;
- High pressure pump;
- Low and high pressure valve;
- Control cabinet fully automatic;
- Thermostat;
- Level sensor
- Legionella protection;
- Dosing pumps;
- Nozzle bars;
- High pressure hose.

Technical data

Lenn-Ecosorb	210l/h
Operationg pressure	120 bar
Flow rate m ³ /h	0.5
Pump power	1.5 kW
Tank	100 ltr
Recommended pH	6.5-7

Dimensions

Dimensions	cm
Length	180
Width	70
Depth	50
Empty weight	80kg

These data are given for information purpose only. They are subject to modifications depending on the water quality

Reverse Osmosis units often required pre-treatment for the following parameters:

- Suspended solids
- TOC, COD/BOD, oil and grease
- Iron and manganese
- Hardness

Lenntech provides all kinds of pre and post treatment required before and after your RO, according to your water analysis and process requirements.
