

INDUSTRIAL E SERIES CARTRIDGE HOUSINGS

The E Series Multi-Cartridge Housings offer outstanding durability and corrosion resistance across a wide variety of industrial and commercial applications. Constructed from 304 or 316L stainless steel, these housings accept a wide variety of cartridges types. This gives the user flexibility to choose the number, type, and size of cartridges needed for chemical compatibility and particle retention.

Quality workmanship and design assure clean effluent and consistent, reliable performance. Simple to install and maintain, the E Series Multi-Cartridge Housings feature a band clamp closure that makes cartridge change-outs quick and easy.
