## 3G STANDARD FILTER HOUSINGS

- Integral bracket and mounting boss cap versions available
- Available in 10" and 20" sumps in clear and opaque
- Buttress threads and uniform walls for easier cartridge change and improved strength
- Accepts proprietary Seal-Safe™ double o-ring sealing cartridges as well as standard DOE cartridges
- Optional pressure-relief/bleed button and differential pressure gauge
- Leak-proof sealing with top-seated floating Buna-N o-ring

We took our time-tested industry standard and made it even better. We started from the ground up, utilizing our 35 years of experience, to create the unique and innovative 3G design. This patented\* design features integral brackets, 20" clear housings, and caps for differential pressure gauges. The 3G housings accept standard double open end (DOE) and our Seal-Safe™ o-ring sealing cartridges. The Seal-Safe™ o-ring design offers enhanced cartridge sealing for critical cartridge applications.

3G Standard Filter Housings are manufactured from durable polypropylene or clear Styrene-Acrylonitrile (SAN). Reinforced polypropylene housings have excellent chemical resistance and are ideal for many residential, commercial and industrial applications. Clear sumps are manufactured from FDA compliant Styrene-Acrylonitrile (SAN). They offer on-site examination of the cartridge and have excellent chemical compatibility.

All are equipped with 3/4" NPT inlet and outlet ports. 3G Standard Filter Housings are available in 10" and 20" lengths and will accommodate a wide range of 2 1/4" to 3 1/8" diameter cartridges.

# 3G SERIES

## Standard Filter Housings

\* Shown with differential gauge.  
Gauges sold seperately.

### Housing Specifications and Performance Data

| Model                       | Maximum Dimensions           | Initial ΔP (psi) @ Flow Rate (gpm) |
|-----------------------------|------------------------------|------------------------------------|
| 3G #10 Blue or Clear MB     | 12¾" x 5⅜" (324 mm x 137 mm) | 1 psi @ 10 gpm (0.07 bar @ 38 Lpm) |
| 3G #10 Blue or Clear MB     | 13¾" x 5¾" (337 mm x 146 mm) | 1 psi @ 10 gpm (0.07 bar @ 38 Lpm) |
| 3G #20 Blue or Clear MB     | 23" x 5⅜" (597 mm x 137 mm)  | 1 psi @ 10 gpm (0.07 bar @ 38 Lpm) |
| 3G #20 Blue or Clear IB/MM* | 23½" x 5¾" (597 mm x 146 mm) | 1 psi @ 10 gpm (0.07 bar @ 38 Lpm) |

### Materials of Construction

|                     |                                                         |
|---------------------|---------------------------------------------------------|
| Housing             | Polypropylene (Opaque) or Styrene Acrylonitrile (Clear) |
| Cap                 | Reinforced Polypropylene                                |
| Button Assembly     | 300-series Stainless Steel, EPDM, and Polypropylene     |
| O-Ring              | Buna-N                                                  |
| Maximum Temperature | 125°F (51.7°C)                                          |
| Maximum Pressure    | 125 psi (8.62 bar)                                      |

CAUTION: Protect against freezing to prevent cracking of the filter and water leakage.
